

INSTRUCTION MANUAL FOR:

CORDLESS HEAD TORCH 3W CREE LED AUTO SENSOR RECHARGEABLE

MODEL NO : **HT106LED.V2**

Thank you for purchasing a Sealey product. Manufactured to a high standard, this product will, if used according to these instructions, and properly maintained, give you years of trouble free performance.

IMPORTANT: PLEASE READ THESE INSTRUCTIONS CAREFULLY. NOTE THE SAFE OPERATIONAL REQUIREMENTS, WARNINGS & CAUTIONS. USE THE PRODUCT CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY AND WILL INVALIDATE THE WARRANTY. KEEP THESE INSTRUCTIONS SAFE FOR FUTURE USE.

1. SAFETY

Refer to
instruction
manual

1.1. GENERAL

- WARNING!** Disconnect lamp from mains power before performing any maintenance.
- DO NOT** shine lamp directly into your, other person's or animal's eyes.
- DO NOT** allow children to use the lamp unsupervised.
- Maintain the lamp in good condition.
- DO NOT** use the lamp if the lamp is damaged.

1.2. ELECTRICAL SAFETY FOR USE OF TRANSFORMER. **USE ONLY THE SUPPLIED TRANSFORMER PLUG FOR CONNECTING LAMP TO THE POWER SUPPLY.**

- WARNING!** It is the user's responsibility to read, understand and comply with the following electrical instructions:
You must ensure the risk of electric shock is minimised by the installation of appropriate safety devices. An RCCB (Residual Current Circuit Breaker) should be incorporated in the main distribution board. We also recommend that an RCD (Residual Current Device) is used with all electrical products, particularly portable equipment which is plugged into an electrical supply not protected by an RCCB. **You must** also read and understand the following instructions concerning electrical safety.
- 1.2.1. The Electricity At Work Act 1989** requires all portable electrical appliances, if used on business premises, to be tested by a qualified electrician, using a Portable Appliance Tester (PAT), at least once a year.
- 1.2.2. The Health & Safety at Work Act 1974** makes owners of electrical appliances responsible for the safe condition of the appliance and the safety of the appliance operator. **If in any doubt about electrical safety, contact a qualified electrician.**
- 1.2.3. You must ensure that you:**
 - Inspect the transformer plug, cable and connector for wear and damage to ensure items are safe before connecting to the mains power supply. If worn or damaged **DO NOT** use.
 - Important:** Check that the voltage marked on the transformer plug is the same as the power supply to be used.
 - Uncoil the cable between transformer plug and lamp.
 - DO NOT** pull the transformer plug from the mains socket by the lead.
 - DO NOT** use any other type of transformer with this product.
 - DO NOT** try to take the transformer plug apart.
 - DO NOT** use the transformer plug to power any other electrical item.
 - DO NOT** get the transformer plug wet, or use in wet, damp conditions (for indoor use only).
 - WARNING! NEVER** substitute a standard 13amp 3 pin plug, or any other type of plug, for the transformer plug. This transformer plug reduces and rectifies the mains voltage (230 volts AC) to **3.7V DC**.

fig.1

❑ **WARNING:** The warnings, cautions and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood that common sense and caution are factors which must be applied by the operator.

2. INTRODUCTION

Hands-free 3W CREE LED spotlight with adjustable inclination to direct light as required. Features auto sensor to switch on/off just by waving hand in front. Alternatively can be overridden to stay on/off by push button. Adjustable headband and foam brow for added comfort. Powered by rechargeable 3.7V 2Ah Li-ion battery. Supplied with mains charger.

3. SPECIFICATION

Model No: **HT106LED.V2**
Battery: 3.7V 2.0Ah Li-ion
Lumen Output: 120lm
LED: 3W CREE
Operating Time: 3hrs
Charging Time: 4hrs

4. OPERATION

Refer to fig.1.

- 4.1. Press the on/off switch once for full light, twice for half light and three times for flashing light.
- 4.2. **Auto-sensor**
 - 4.2.1. Press the auto-sensor button once to turn it on, the button will glow red.
 - 4.2.2. Pass your hand in front of the sensor to turn the light on/off as required.
 - 4.2.3. Turn the auto-sensor function off by pressing the auto-sensor switch once.
- 4.3. **Charging**
 - 4.3.1. Pull the plug apart and put the charge lead into the socket, (see fig.2).

Environmental Protection

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment.

WEEE Regulations

Dispose of this product at the end of its working life in compliance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE). When the product is no longer required, it must be disposed of in an environmentally protective way. Contact your local solid waste authority for recycling information.

Battery Removal

Unscrew the battery canister at the rear of the headband and remove the battery for correct disposal.

Under the Waste Batteries and Accumulators Regulations 2009, Jack Sealey Ltd are required to inform potential purchasers of products containing batteries (as defined within these regulations), that they are registered with Valpak's registered compliance scheme. Jack Sealey Ltd's Batteries Producer Registration Number (BPRN) is BPRN00705.

Parts support is available for this product. To obtain a parts listing and/or diagram, please log on to www.sealey.co.uk, email: sales@sealey.co.uk or telephone: 01284 757500.

NOTE: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.

IMPORTANT: No liability is accepted for incorrect use of this product.

WARRANTY: Guarantee is 12 months from purchase date, proof of which will be required for any claim.
