Instruction
manual

Indoor use
only

Important Information

Please read these instructions carefully. Note the safe operational requirements, warnings & cautions. Use the product correctly and with care for the purpose for which it is intended. Failure to do so may cause damage and/or personal injury and will invalidate the warranty. Keep these instructions safe for future use.

About the Product

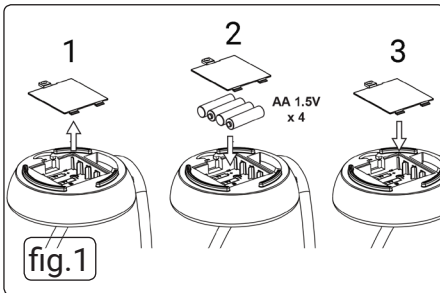

7.5 Inch round, polished chrome finished, bathroom/bedroom table mirror, ideal for applying makeup, cosmetics, jewellery, shaving and anything where a closer look is required. Double sided with a 360° swivel function makes it easy to switch between the 5x magnification and standard mirror options. Touch dimmable daylight LED lighting aids constant clarity and a sturdy round base doubles up as a storage space ideal for jewellery. Battery operated with an auto off function (after 10 minutes without use) means there are no wires and no worries if you forget to turn it off.

Safety Instructions

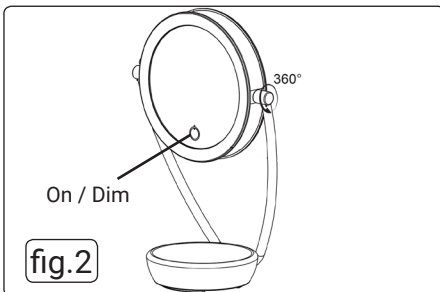

- This product is intended for indoor use only.

Operating the Mirror

- Slide open the battery compartment (fig.1) and load four **AA 1.5V** batteries.

- To turn the **LED** light on, use a single touch on the button on the front face of the mirror as shown in fig.2.
- To dim the light, touch and hold the button until the required brightness is reached.
- If the unit is not used for 10 minutes it will automatically turn itself off.

Maintenance

- Wipe the unit dry if exposed to water / condensation.
- Use non-abrasive glass cleaner to clean the mirror and body.

WEE Regulations

Dispose of this product at the end of its working life in compliance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE). When the product is no longer required, it must be disposed of in an environmentally protective way. Contact your local solid waste authority for recycling information.

Environment Protection

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.
