

™ PROFESSIONAL CURVE BODY PANEL PROFILE TEMPLATE, 2720MM, 107”

MODEL NO: **MW24**

Thank you for purchasing a Sealey product. Manufactured to a high standard, this product will, if used according to these instructions, and properly maintained, give you years of trouble free performance.

IMPORTANT: PLEASE READ THESE INSTRUCTIONS CAREFULLY. NOTE THE SAFE OPERATIONAL REQUIREMENTS, WARNINGS & CAUTIONS. USE THE PRODUCT CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY AND WILL INVALIDATE THE WARRANTY. KEEP THESE INSTRUCTIONS SAFE FOR FUTURE USE.

Refer to instruction manual

Wear eye protection

Wear protective gloves

1. SAFETY

- ✓ Keep the manual for the safety warnings and precautions, assembly instructions, operating and maintenance procedures, parts list and diagram. Keep the manual in a safe and dry place for future reference.
- ✓ Keep work area clean. Cluttered areas invite injuries. Observe work area conditions.
- ✗ **DO NOT** use machines in damp or wet locations. **DO NOT** expose to rain. Keep work area well lit.
- ✓ Keep children away. Children must never be allowed in the work area. **DO NOT** let them handle machines or tools.
- ✓ Store idle equipment. When not in use, tools must be stored in a dry location to inhibit rust. Always lock up tools and keep out of reach of children.
- ✗ **DO NOT** force tool. It will do the job better and more safely at the rate for which it was intended. **DO NOT** use inappropriate attachments in an attempt to exceed the tool capacity.
- ✓ Use the right tool for the job. **DO NOT** attempt to force a small tool or attachment to do the work of a larger industrial tool.
- ✗ **DO NOT** modify this tool and do not use this tool for a purpose for which it was not intended.
- ✓ Dress properly. **DO NOT** wear loose clothing or jewellery as they can be caught in moving parts.
- ✓ Protective clothes and non-skid footwear are recommended when working.
- ✓ Wear restrictive hair covering to contain long hair.
- ✓ Use eye protection. Always wear approved impact safety goggles.
- ✗ **DO NOT** overreach.
- ✓ Maintain tools with care. Keep tools sharp and clean for better and safer performance. Follow instructions for lubricating and changing accessories.
- ✓ Keep must be kept clean, dry, and free from oil and grease at all times.
- ✓ Stay alert. Watch what you are doing, use common sense. **DO NOT** operate any tool when you are tired.
- ✓ Check for damaged parts. Before using any tool, any part that appears damaged should be carefully checked to determine that it will operate properly and perform its intended function.
- ✓ Check for alignment and binding of moving parts; any broken parts or mounting fixtures; and any other condition that may affect proper operation. Any part that is damaged should be properly repaired or replaced by a qualified technician.
- ✓ Replacement parts and accessories. When servicing, use only identical replacement parts. Use of any other parts will void the warranty.
- ✗ **DO NOT** operate tool if under the influence of alcohol or drugs. Read warning labels if taking prescription medicine to determine if your judgment or reflexes are impaired while taking drugs. If there is any doubt, do not operate the tool.
- ✓ For your safety, service and maintenance should be performed regularly by a qualified technician.
- ✓ Use heavy duty gloves when handling the workpiece.
- ☐ **WARNING!** The warnings, cautions, and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood by the operator that common sense and caution are factors which cannot be built into this product, but must be supplied by the operator.

2. INTRODUCTION

Curve template for transferring exact curves for precise duplication in metal, wood, leather, and fabric applications. Ideal for replicating both simple and complex curves on various body shop materials, including auto body panels. Adjustable locking mechanisms for exact curve reproduction, providing maximum accuracy. Constructed with durable materials, including metal to ensure maximum durability and longevity in workshop environments. Featuring a highly flexible spring steel face, it allows for easy, quick, and precise shape transfer across a wide range of projects.

3. SPECIFICATION

Model No:MW24
 Reach:2072mm (107")
 Weight:..... 1.68kg

4. ASSEMBLY

Numbers refer to attached Parts List

- 4.1. Assemble the Adjusting lever (2#) to the Base (1#) by using sixteen Knobs (3#) and sixteen Washers (4#).

5. OPERATION

- 5.1. This Body Panel Profile Gauge makes it easier to replicate a gradual panel curve for a roof, door panel etc.
5.2. Loosen the Knobs (3#).
5.3. Place the Base (1#) against a gradual panel curve.
5.4. Tighten the Knobs (3#).

6. MAINTENANCE

- 6.1. Keep tool clean. **DO NOT** use solvents.

ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.

Note: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.

Important: No Liability is accepted for incorrect use of this product.

Warranty: Guarantee is 12 months from purchase date, proof of which is required for any claim.
